TERMS AND CONDITIONS FOR FROZEN SEMEN:

1. The Stud fee includes three doses (unless otherwise noted) and each dose contains the optimum number of straws to achieve a pregnancy for each insemination. The amount of straws for each insemination is determined by the stud of origin and the stallion agent is not responsible for determining this. If more pregnancies are achieved than specified then the mare owner must pay for any additional semen fees to cover each pregnancy.
2. The stud fee is non-refundable after payment is made.
3. The stud fee is sold without any pregnancy or live foal guarantee.
4. Transportation costs also include hire of the tank for up to one week. Return freight is also included in the transportation cost. Standard freight costs are calculated. If express freight is required this will incur an additional charge. Upon receipt of the semen the vet or storage facility shall transfer the straws and contact the genetics storage facility as supplied on the delivery paperwork to arrange for the return of the shipper.
5. The stud fee is required to be paid in full by the mare owner on return of this contract in order to book any semen. Transportation costs and Insurance if required must be paid before the semen is shipped.
6. The fees for the stallion and shipping costs are set out on page 1.
7. The stallion agent accepts no responsibility if the requested supply date is not achievable. The date nominated is an approximate date and may be subject to delays for reasons outside the stallion agent's control.
8. Semen may be insured during transportation. Please advise if insurance is required. This is listed on Page 1.
9. The stallion agent accepts no responsibility for quality of semen upon arrival at the mare owners identified delivery address.
10. A completed service certificate request form or AI insemination record (see AWhA AI Insemination Form) must be received by the Stallion Agent in order to issue a service certificate. It is the responsibility of the mare owner to provide this to the Stallion Agent.
11. AWhA service certificates are available at an additional cost of \$25.00 per certificate, otherwise a service certificate can be issued for other breed societies at the applicable cost required to perform this function.
12. All payments are to be made to: Heather Adcock, Qld Professional Credit Union, BSB 704-604, A/c No: 000075032. Please include your name as a reference. A receipt will be issued for all payments.
